FULL COVER PROMISE
FULL COVER PROMISE

Unlike some other health insurance providers that can leave you out of pocket when you claim, when we say ‘Full Cover’, that’s just what we mean.

We promise to pay all consultants’ and anaesthetists’ fees for in-patient and day-patient treatment, as long as the treatment is eligible on your plan and the consultant is recognised by us.

KEY FACTS*
- 45% of claiming members saved thanks to Vitality’s Full Cover Promise
- £155 is the average saving per claimant
- £1,950 is the largest estimated saving from a single claim

*Estimations based on claims occurring in 2016 involving a surgeon or anaesthetist. Estimates calculated by comparing claims paid to VitalityHealth provider tariffs. Quoted details correct as of March 2018.

VITALITYHEALTH IS THE ONLY HEALTH INSURER IN THE UK TO OFFER THIS SIMPLE YET VALUABLE GUARANTEE AS PART OF ITS CORE HEALTH COVER PROPOSITION1.

Other health insurers will only pay consultants’ fees up to a certain amount – so, if your consultant charges more than that, you’ll have to cover the rest, meaning you could end up paying hundreds of pounds.

WHAT HAPPENS WHEN YOU GO TO A CONSULTANT WHO IS NOT FULLY COVERED?

THE BENEFITS OF OUR FULL COVER PROMISE

- Available as standard at no extra cost
- Offers you reassurance that all health costs are covered2
- There are no set time or money limits
- Access to any recognised consultant
